**What's the Buzz? For EARLY LEARNERS (2015)** is 16 lessons for children aged from 4 years to 8 years. It explicitly teaches how to get along with one another, nurture friendship and build social tolerance and flexibility. The approach draws on modelling the targeted social skills, role-play, explicit guidance, feedback and games. This resource is imaginative, highly practical and is enhanced with visual materials and worksheets to accompany each lesson. This program is also ideal for older children with delayed social and emotional capacities.

**Archie's BIG BOOK of Friendship Adventures** can be read to children by parents or teachers, as a way to coach them how to solve the social hiccups they will surely face. Each of the 16 captivating stories immerses children into the life of our much-loved character, Archie. In each story Archie faces a new social dilemma; the very same social difficulties that happen in the everyday lives of all children. The stories are designed to help children think socially, discuss, exchange ideas and explore friendly solutions.

**What's the Buzz? For PRIMARY Students (2011)** contains the original 16 lessons that became a global best-seller. It is now used by practitioners in hundreds of schools around the world helping children to successfully transfer their friendship skills into their everyday lives.
